We Sincerely Believe That We Have What You Are Looking For

The cattle that have sold in Wisconsin state sales in the past have gone out into the herds of their new owners to further enhance the reputation of this sale. Ask the man who has purchased here and he will point out his Wisconsin cattle as the most profitable he has ever purchased. There are good reasons for this. First, Wisconsin has always been one of the top Shorthorn states. Its herds have been in good hands and careful, rigid, breeding programs have been exercised. More than that the cattle have always sold at prices worth the money. If you have ever attended a Wisconsin state sale you will know what we mean. If you have not it is time that you did. The 1949 fall offering is one of the best in our history.

Attend The Millgate Sale

Monday, October 10, 1949

On the Monday following the Wisconsin State Sale, Millgate Farms will hold their first annual sale. Why not combine a trip to both of these sales? Dodgeville is about 180 miles from Chicago. You could drive this distance easily after the sale, spend Saturday night in Chicago and Sunday seeing the many good Chicagoland Shorthorn herds. The management will assist in combining shipments.

Standard Guarantee of the American Shorthorn Breeders' Association

1. Proper care must be given by purchaser to protect breeding qualities and health of guaranteed animals.
 2. All bulls are guaranteed breeders, provided they are not allowed to serve when under 14 months of age, or allowed to run with the herd when under 20 months of age. In case of failure of a bull to be a breeder notice shall be given to the seller within six months of date of purchase, or by the time the bull is 20 months of age, if purchased under 14 months of age.
 3. With the exception of heifers sold under 14 months of age, all females are guaranteed breeders. Heifers under two years of age shall not be served by a heavy or old bull. Cows or heifers sold as bred, or safe in calf, not proving to be in calf must be reported to the seller within three months after date of sale. Females over 14 months of age sold open, not settling within six months after date of sale, shall be promptly reported to the seller.
 4. When an animal fails to comply with the above guarantee the seller has the option of substituting an animal of equal value to the satisfaction of the purchaser, or of having the animal returned for a trial for a period not to exceed six months. The expense of freight in such case is to be paid by the seller. If the animal is then proved to be a breeder beyond doubt it shall be returned to the purchaser at his expense. In case of dispute the return of the full purchase price, without interest, to the buyer will be considered full settlement and satisfaction of all claims. No charge for feed or maintenance shall be made by either buyer or seller. Salvage shall go to the seller. It shall be understood that the same guarantee given for the first animal shall likewise apply to any animal later substituted.
 5. All animals are sold to comply with the laws regulating Tuberculosis and Bang's Disease of the state or country into which they may be shipped.
 6. Certificates of registry and transfers will be furnished with each animal sold. A signed pedigree application for unborn calves should be furnished with bred females, showing names and record numbers of sire and dam, as well as service date.
